### At Long Last, VTuber Group “Hololive English” is Set to Debut!

Activities officially commence today, September 9th! The new members will hold their first YouTube streams back-to-back across two days, September 12th and 13th!

COVER Corporation (Chiyoda-ku, Tokyo; CEO: Tanigo Motoaki) is pleased to announce hololive production’s first VTuber group created for the English-speaking world: hololive English.

The core concept of the hololive English group is VTubers who hail from worlds of legend: “hololive English -Myth-”.

The five members set to debut are Ninomae Ina’nis, Takanashi Kiara, Watson Amelia, Mori Calliope, and Gawr Gura.

They will be active on Twitter starting from today, September 9th, and will hold their debut streams back-to-back on Saturday, September 12th and Sunday, September 13th (Japan time).

A promotional video has also been uploaded to the official hololive English YouTube channel to accompany this announcement. The PV tells the legendary lore surrounding the new talents, so please watch and share your thoughts and speculations about these mysterious characters while waiting for their debut streams with anticipation!

Hololive wishes to further expand its reach to the English-speaking fans all around the world through hololive English.

### Mori Calliope

The Grim Reaper's first apprentice. Because the world's medical system advanced so dramatically, she became a VTuber to collect souls. It seems that the lost souls vaporized by the wholesome relationships of VTubers flow through her as well. In the end, she's a gentle-hearted girl whose sweet voice contradicts the morbid things she tends to say, as well as her hardcore vocals.

## Ninomae Ina'nis

One day, she picked up a strange book and then started to gain the power of controlling tentacles. To her, tentacles are just a part in her ordinary life; it has never been a big deal for her. However, her girly mind does want to get them dressed up and stay pretty. After gaining power, she started hearing Ancient Whispers and Revelations. Hence, she began her VTuber activities to deliver random sanity checks on humanity, as an ordinary girl.

"She heard strange rumors surrounding Hololive online: talking foxes, magical squirrels, superhuman dogs, and more. Soon after beginning her investigation on Hololive, and just out of interest, she decided to become an idol herself! She loves to pass her time training her reflexes with FPS games, and challenging herself with puzzle games. It's elementary, right?"
